

## Directions to HHS Room 2301

Park in the D2 parking lot directly across the street from the Physics and Chemistry Building and HHS. Enter through the Physics and Chemistry Building, pictured above.

Go straight down the hall. Turn right when you see the HHS/ISAT sign. You will go through two sets of glass doors, then you will be in the HHS building.

Turn right at the first doorway to take the stairs to the second floor. If you want to take the elevator, turn right down the next hall, and you will see the elevator on the right.

HHS 2301 will be on your left when you come up to the second floor. The registration area will be outside of HHS 2301.
